ABOUT ME

Tracing logs and debugging programs have become parts of my daily tasks. Effective communication and the use of AI are crucial in the task completion. Continuous learning, responsibility, and hard work are also essential to achieving my vision and mission

M. DARMAWAN FADILAH S.KOM, M.KOM
SENIOR DEVELOPER

PROFILE

I am 26 years old, and over the past five years of my career journey, I have accomplished the following:

1. Web programming using Java Spring Boot with HTML, CSS, and JavaScript,along with frameworks like Angular. I have also studied Python and PHP extensively.
2. Creating comprehensive documentation including BRD, TSD, FSD, technical documents, guideline documents, and test cases supporting all company requirements standrads.
3. Engaging in requirement discussions with users, providing solutions, and creating flow diagrams using tools like StarUML, Balsamiq Mockup, etc., in accordance with company guidelines.
4. Handling databases with DDL, DML, DCL, and TCL operations, as well as data migration using SSIS. Managing software on Windows/Linux to meet all company needs.
5. Automating deployments using Jenkins and maintaining dependencies up to date.
6. Capable of working remotely 24/7 under high pressure and tight deadlines.
